

THE HEALTHCARE COMPLIANCE AND REPORTING SOLUTION TOP EMPLOYERS TRUST

DON'T TAKE CHANCES WITH ACA PENALTIES.

Health e(fx) Enterprise™ compliance and reporting technology leads the market because it's the most comprehensive solution for minimizing Affordable Care Act (ACA) penalty risk. You don't need to be a compliance expert and you don't need to worry about imminent healthcare reform. We simplify compliance for you.

Enterprise, the most comprehensive ACA solution available, goes way beyond reporting to help you address compliance issues before they become a problem. Our solution transforms your complex data into an aggregated, time-aware data set for compliance, reporting and IRS audit defense.

Enterprise comes with powerful data-driven tools for modeling the impact of healthcare reform. The system analyzes and manages the impact of eligibility and coverage changes to help you make informed decisions that lower your healthcare costs.

Why Choose Health e(fx) Enterprise?

Health e(fx) Enterprise is for employers with complex data and employee schedules. Enterprise aggregates and transforms your data to:

- Track hours and measure eligibility using look-back and monthly measurement.
- Calculate affordability and determine which safe harbor is right for your workforce.
- Determine the required code combinations based on service hours and eligibility calculations.
- Build your Forms 1095/1094 on a monthly basis for your ongoing review and management.
- Enable management of IRS corrections, revisions and submissions within the system.

**Need a better way to manage the complexities of healthcare reform?
We can help.**
