

Customized ACA Partner Services

DON'T LET YOUR CLIENTS' ACA NEEDS TAKE YOUR EYE OFF THE BALL. WE CAN HELP.

Affordable Care Act (ACA) compliance has emerged as an expected and critical component of benefits administration, payroll and tax management. If you are shifting focus off your core business to invest in providing an ACA compliance solution, revising your current ACA solution, or looking to expand your core services to include ACA, it's time to take a look at Health e(fx).

ACA is what we do. Serving 17.6 million lives, we are the largest ACA software solution in the market. With over half of our business coming through our partner relationships, we lead the market in ACA partnership expertise and experience.

Here's why Health e(fx) is the ultimate solution to support your clients' ACA needs:

A Partner model for you

From running your ACA Client Services on our SaaS Platform to outsourcing your ACA Client Services to Health e(fx), or somewhere in between—we will customize a Partner model for you.

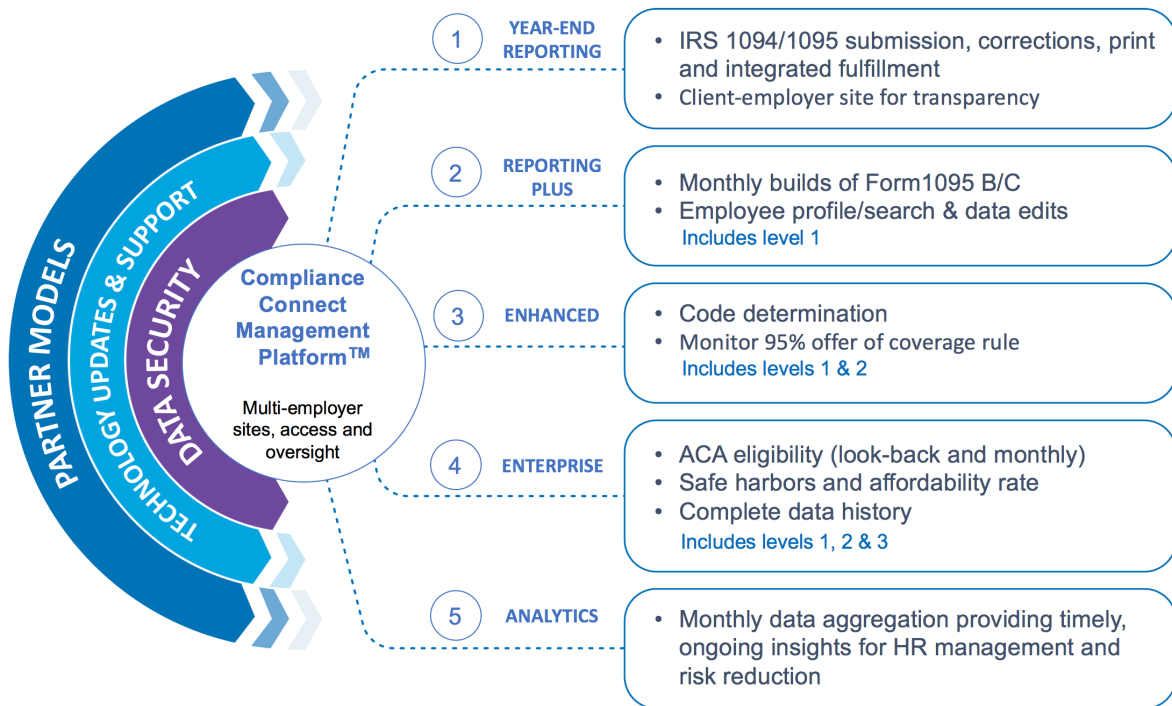

Customized ACA Partner Services			
	SaaS Technology Partner <i>Private-label solution administered by Partner</i>	Outsourced Partner <i>Private-label solution with outsourced services</i>	Referral Partner <i>Health e(fx) handles all management</i>
Client Management Sales, Contract, Client Services and Call Support	Partner	Partner	Health e(fx)
Technical Management Client-employer implementation, site and technology configurations	Partner	Health e(fx)	Health e(fx)
Data Management Data acquisition and transformation	Partner	Joint	Health e(fx)

99% of clients say Health e(fx) technology is superior to competitors

Flexible options for your clients

Health e(fx) offers comprehensive ACA options to fit your client profile, service model and compliance objectives. From full-service ACA eligibility to expert coding to IRS submission, corrections and fulfillment, we have your back. Unlike other ACA solutions, we'll give you clear visibility into the data so you know how your clients are performing at all times.

We invest so you can focus on your core business

ACA compliance is our specialty. As regulations change, we continue to invest in our technology, so you don't have to. Keep your focus on your core business and leave the ACA technology and service support to us.

About Health e(fx)

Through investment and innovation, Health e(fx) easy-to-use solutions are always up to date to meet the needs of partners who serve employers. Choose Health e(fx) to manage complexity, minimize risk and cost and remove the ACA burden on your clients.
